BYRNES TAKES TIME TO MAKE HIS DECISION

Ex-Sheriff To Sound Out Voters Before Taking Action

REVIEWING SITUATION

Big Sentiment Piling Up For Him To Enter The Race

Following publication of the story in last week's issue of The Republican Press in which it was intimated former Sheriff R. R. Byrnes would possibly be a candidate for the office of sheriff at the coming election a generous response in the way of offers to support Mr. Byrnes have come from many sections of the county, it is reported.

Instances Are Noted.

As illustration of the far-removed sections from which demand for effective work of a sheriff has covered, the following instances of volunteer sustaining of the Byrnes candidacy are cited: A Calpella taxpayer said: "I lost two valuable motors, the shed in which they were stored being broken into and they have not been recovered. Because what I believe was due me, protection of my property, was not forthcoming, I would welcome a chance to vote for Ralph Byrnes, because I know his efficiency." At Elk, a sheepman here last week indicated sentiment in that part of the county: "I have been losing sheep, off and on, and I continue to do so. Naturally I would like to have these losses ended and, I believe they would be, if Mr. Byrnes would be returned to the sheriff's office. I was in the sheep business when Ralph was in office before, but I did not have my sheep stolen then." Another Byrnes advocate was heard yesterday. He is from Albion. "I had a heifer stolen and there has been no recovery. Naturally I am dissatisfied and I would gladly give Ralph Byrnes my support, if he runs. I know he is an efficient, fearless officer."

Mind Not Made Up.

The Republican Press talked with Ralph R Byrnes on the subject of his being a candidate last week. In the past The Republican Press has never supported Mr. Byrnes. It has always opposed him but, this year, if Mr. Byrnes should be a candidate, The Republican Press will support the Byrnes candidacy. The pointblank question was put Mr. Byrnes: "Do you intend to seek the sheriff's office at the coming primary?" To this Mr. Byrnes made a non-committal reply. "I have not made up my mind. It is too early, yet. I do not know whether the people really want me to run. Your friends will tell you 'Everyone is for you,' but the votes do not come in at election to verify their statements.

Many Urge Him.

"I have had a lot of encouragement and many people who, in other days, were against me, seem to be for me now. I have learned some things in defeat and my course, if I were to be sheriff again, will in a number of matters, be different from what it was. If I do go into office this year it will be to conduct the sheriff's duties only. There'll be no crusading; no politics. There will be enough to do to run the sheriff's office without side issues. The liquor question, always a bad one to handle, is no longer an issue with the sheriff's office and, because of that fact, it should cost thousands of dollars less now to run the offices than when I was sheriff before. However, I will let you know when I make up my mind."

Two Others Out.

In the meantime Chief of Police Earl Bishop, of Fort Bragg, is quietly going ahead with his campaign and Sheriff Williams, too, is reported to be going to run again and is repairing his fences, as best he can.

Choral Is To Sing "The Crucifixion"

This musical masterpiece was written by Sir John Stainer, probably the world's greatest emotional composer of music. Soloists will be Will Van Dyke, S. E. Mitchell and Jack Goudge singing bass, and W. K. Davis and P. H. Joseph tenors. Robert L. Sharp, who formed the choral club, will direct the affair.

CLUB TO MEET

Ukiah Townsend Club will meet Monday evening at Steiert hall. A pot luck supper at seven o'clock will precede the regular meeting.

Special Correspondence of The Press

COVELO, April 12.—Wednesday with bag and baggage Lester Long left Covelo for Nome, Alaska. In Oakland he joined Sterling Montague, a cousin and former Covelo lad, who spent the past few years in the mining district around Nome and has made good. The boys took a bus to Seattle and sailed from that port through the scenic grandeur of the Inside Passage. From Fairbanks they will fly into the Nome country.

Had Bon Voyage Party.

Before leaving Oakland Mrs. Lloyd McCarthy, an aunt, delighted the boys with a farewell dancing party in her home, inviting many former Covelo friends. Among these were Mr. and Mrs. LeRoy Smith, nee Mercille Long, Attorney Jack Hogshead, Miss Gloria Long, of San Francisco, and the Frank Simmerly family of Spy Rock. Lester Long is the youngest son of Mr. and Mrs. Henry Long.

Tractors Are Humming.

The last few days of warm sunshine has practically dried the roads but has not ironed out the endless chuckholes and high spots. The graders are idle, due to lack of road funds. The hum of tractors can be heard from all directions, farmers are cultivating and preparing their land for crops. An abundance of snow still remains on the mountains.

County Surveyor Ed Smith was in the valley last week.

Drove To Sacramento.

Mr. and Mrs. Frank Short returned from Sacramento. They motored over to take Alfred and Chester Heavener to Sacramento where they will pick up trucks belonging to Clyde Henry and continue into Nevada. They will work for Mr. Henry in his mine near the Nevada-Idaho line.

At Professional Meeting.

Mrs. Charlotte Ehling and son, George, left Wednesday for Pasadena, where Mrs. Ehling will attend a convention of physicians and nurses of the school health personnel. Mrs. Ehling will be away about two weeks, enjoying her Easter vacation in Los Angeles.

Had Delightful Banquet.

Tuesday evening the Masons were given a rare treat when Mrs. Bennett Johnston served an Italian dinner to the members in the Lodge dining room. Mrs. Roy Storie assisted Mrs. Johnston.

Home Is Made Happy.

The stork has called on another member of the high school faculty. Wednesday, March 30, Linda Louise Lewis, a blue-eyed girl, was born to Mrs. Vance D. Lewis in the Alta Bates Hospital, Berkeley, Mr. Lewis? oh, yes, he is able to carry on as principal of our high school.

Had Church Dinner.

Members and families of the Federated church held their annual dinner and election of officers Wednesday evening in the church rooms. About 45 members enjoyed the pot-luck meal served cafeteria style.

THE RUSTLERS BECOME BOLD—RANCHERS ACT

Wheelbarrow Section Stockmen Suffered Too Many Losses

NOW OFFER REWARDS

Coaster Says Byrnes Kept County Free Of Stock Thieves

An unusual lot of thievery is going on and has been for months about the county.

Reward Is Offered.

Reports sent out from Willits last week state stockmen of the Wheelbarrow area north of there are offering $100 reward for the arrest and conviction of "cattle rustlers" who have been active in that section for the past year.

As Last Resort.

Horses, cattle and hogs have been reported missing from time to time during the past year, ranchers report, and five or six prominent ranch operators of the area have banded together in an effort to stamp out the trouble.

Want Some Relief.

A rancher from the coast country was here last week and said, following having read The Republican Press carrying a story Ralph R. Byrnes might make the race for sheriff: "I guess I can be classed as one of the anti-Byrnes men who would welcome the comeback of Ralph. One thing I will say about Byrnes: He cleared up all major cases confronting the taxpayers. Stock, during the Byrnes terms in office, were safe. I have no quarrel with Sheriff Williams. I voted for him twice, but, if Byrnes runs, I will go to the bat for him."

LIQUOR FEES ARE DIVIDED

Incorporated Towns Enriched By The State Board

The following cities and unincorporated areas in Mendocino county will receive a total, as noted hereafter as their share of fees derived from liquor licenses during the year 1937, it was announced by R. E. Collins, chairman of the State Board of Equalization.

State Keeps Half.

For further information, this is 50%, the other 50% being retained by the state, or in other words the total amount collected would be double the figures listed, not counting the excise tax that is collected by the Board.

How It Is Divided.

Unincorporated area—first half of year $3,634.22, last half $1,758.54, total $5,392.76; Fort Bragg first half $2,560, last half $1,447.44, total $4,007.44; Willits first half $917.50, last half $696.61, total $1,614.11; Ukiah — first half $770, last half $814.18, total $1,584.18; Point Arena—first half $325, last half $402, total $727.53

AT PARENTS' HOME

Miss Evelyn Zeek, who is finishing her last year in University of California, reached Ukiah Friday and is enjoying vacation at the home of her parents Mr. and Mrs. Frank F. Zeek and tomorrow Miss Irma Zeek is coming to join the family for Easter.

FIRST FLARE-UP BETWEEN THE UNIONS AND UKIAH RESIDENTS FORE-RUNNER OF GRAVER ONES

Organizer Pat Clancy Of Teamster's Union Was Man-Handled By Three Unidentified Anti-Unionists

KU KLUX CROSS WAS BURNED IN THE SUBURBS

Warning To Sheriff Is Left At Foot Of Cross Stating Agitators Would Not Be Allowed In Valley

KEEP KLUXERS OUT

Those who are organizing against labor rackets would do well to see the Ku Klux Klan does not muscle in. If they do the racketeer's cause will be strengthened. Many will sympathize with the fight on labor rackets, if the Klan does not enter into it. If the Klan mixes in, they will not. As between labor rackets and the Klan the former are infinitely a lesser curse.

Pat Clancy, an organizer for the Teamsters Union and working out of San Francisco, had a brush with Mendocino county "direct action" Thursday night when three men went to his room at The Cecille Hotel and "roughed it" with him.

What Took Place.

According to the story, sifted out of a confusing lot of statements, one man first went to Mr. Clancy's room and began a conversation with him, the trend of which was Mr. Clancy's activities here were not relished and, intimating, broadly, he must desist. Before the argument in the room of Mr. Clancy was finished two other men came on the scene and man-handling Mr. Clancy, forced him to the lobby of the hotel.

Drew A Knife.

Observing he was in for trouble, Mr. Clancy is alleged to have drawn a large-blade pocket knife from his trousers pocket and intimated he would defend himself. The three alleged attackers of the labor representative beat a hasty retreat at the display of the knife by Mr. Clancy. The men waiting on Mr. Clancy are not definitely known.

The Cross Burns.

Just at this time the fire siren sounded and the department raced to the western section of the city where a Ku Klux cross some 20 feet high, made on the old pipe frame the Klansmen used to burn on the hill west of the city and which they prepared in a barn in the western part of town, was burning. When the department got to the blazing cross and discovered what it was, no effort was made to put it out and a large number of people stood idly by as it burned. Placed at the foot of the cross was a crudely lettered warning reading:

For sheriff, Mendocino county. Labor racketeers stay out of Mendocino county. This is no place for you!

Trouble Is Certain.

The brush with Organizer Clancy, it must be said, unfortunately, is but the fore-runner of what can be expected here, if continued efforts are made to organize farm and orchard workers in the Ukiah valley. While it may be true the laborers have a right to organize, it is also true there is a very strong anti-union sentiment hereabouts — and the Sheep Shearer's strike has added animosity to this feeling — and trouble is in store for this section, as there is a well defined determination on the part of the ranchers they will not tolerate interference with their crops and there is an equally strong Union sentiment to get in here. All business houses have organized to resist Union aggression, but, at the same time, the businessmen have asserted they will pay good wages and not discriminate.

Held A Meeting.

It was into this atmosphere of hostility Organizer Pat Clancy came several weeks ago and, although he could not help but appreciate he was in "the enemy country" he has carried on. Some three weeks ago a meeting of employes was called and, at a dinner, the object of the Unionists coming here was explained to some 50 local workers and, since that time Mr. Clancy has kept steadily on the job. Just what progress Mr. Clancy has made in enlisting support for the Union he represents he has not developed.

Says He Will Stay.

The threatened Unionist has declared he will not be driven out of town and that he will appeal to the lawyers who represent the Union for protection. In the meantime a number of Union organizers appeared in the county Saturday, but they did not tarry here, continuing on to Fort Bragg where they will center their activities on Unionizing that city. Copies of The Labor News, published at Crescent City, where a strike against the Hobbs-Wall interests has been on for months, have been filtering into town. These publications assume a militant stand and indicate the fight to Unionize the towns in Mendocino county is to be continued.

Claim Of Mr. Clancy.

Organizer Pat Clancy contends he has in no manner violated the law, that he has simply used usual tactics in trying to induce workers to join the Union forces, and that he was sitting quietly in his room when attacked.

Backs To Wall.

In spite of everything that well-wishers for peace may say the ranchers are in no mood for interference with their work; they have had lean years, all have worked hard, many are badly in debt and they will not tolerate the imposition of any further burden to make their efforts to obtain a living more difficult than they now struggle under.

"TIB" FISK IS RE-EMPLOYED —ALL PLEASED

County Wide Approval Of Board Of Equalization Given

TAXPAYERS BACK HIM

Sixty Day Re-employment May Bring A Permanent Job

Word came from Sacramento Wednesday the State Board of Equalization had directed Liquor Control Officer "Tib" Fisk to continue work in this county, he receiving a temporary appointment from the Board.

A Capable Man.

Mr. Fisk has made a fine record as enforcement officer. He has acted fearlessly, yet with excellent judgment. He has cooperated in every manner with those who have made a mistake in handling liquors, but who evince a desire to comply with the law following their error being pointed out to them and has raided many stills and liquor plants, hence the action of the State Board of Equalization in reinstating Mr. Fisk is a very satisfactory one all over the county.

Knights Templar On Coast Easter

Knights Templar of the county will attend Easter morning services at the Baptist church of Fort Bragg. Dinner will be served them at the Community Clubhouse.

CASE DISMISSED

The charge against Luther Rupe for having held up and robbed a garage in San Francisco some time ago, was dismissed yesterday. It was this charge reaching former Supervisor J. M. Rupe that caused him to suicide six weeks ago. The kidnapping charge against the Willits man has not yet been taken up.

Special Correspondence of The Press

WILLITS, April 12. — John Sagehorn, Jr., one of our most prominent sheepmen, received a telegram the first of the week from the head of the Sheepmen's Association of Tehama county, which requested him to inform all local sheep shearers there was plenty of work for them in that county. Quite a number of men, mostly Indians, have already departed for that section and more will follow. The Sheep Shearers Union has called a strike over there and the sheepmen have more than 100,000 sheep to shear. The trouble is not about wages or conditions but is a demand of the Union that the union label must be placed on each bag of wool with the threat that if such label is not placed on the bags the wool will be declared "hot" and the teamsters and longshoremen of San Francisco will refuse to handle it. Sheep shearing is piece work and the woolmen are paying 12 cents per fleece, which is a very good price, for the average shearer can earn $10 per day.

A Klondike Saga.

Frank Teale got reminiscent a few days ago and said that just 40 years ago, during the rush to the Klondike, he helped dig out the bodies of 78 men who were killed by an avalanche in Chilcoot Pass. Among others who were in the party and who helped with the digging were Will Baechtel, Billie Rice, Bill Felton and Henry Bowen, all of Willits, and Ben Haydon and Lem Sallady, of Covelo. Of these only Bill Baechtel and Frank Teale are left.

Heap Too Much Firewater.

A drinking bout that started at the Standley home on Oak street Wednesday night ended in a free-for-all fight near the Rodeo grounds early Thursday morning. Both whites and Indians were mixed up in the fight and Officer Bill White and Elmer Lancaster, whom Officer White had deputized, had the battle of their lives on account of being so badly outnumbered, but they finally subdued the drink-crazed natives and two of the Indians, Laurence and Wilfred Leggett, had to be taken to the hospital to have their head lacerations dressed.

White Folks Involved.

The Leggett brothers are said to be residents of Nashmead and what kind of charge will be entered against them has not yet been decided on for they are wards of the government. Jim Crabtree, another native, was fined $10 for being drunk. James Standley, white, was given a 90-day jail sentence. Other members of the party, Mrs. Fred Standley, her daughter, Rose, 14, and Dolly Shelton, 20, probably will be held as important witnesses when the case comes to trial.

Fred Nassie come up from Ukiah last week on business.

Will Davis, of Ukiah, was here Wednesday checking up on old age pensioners.

HAD DIFFICULT TIME GETTING VICTIM'S BODY

Corpse Was Carried Up 180-Foot Cliff On Man's Back

RESCUER COLLAPSED

Abalone Hunter Died Of Broken Neck In Five-Foot Fall

A Fort Bragg man, Archie E. Hellen, lost his life Thursday while gathering abalones near Dark Gulch north of Albion at what was known for many years as the Coombs ranch, now the property of the Albion Lumber Company.

Separated From Companions.

Mr. Hellen, in company with his brother, Everett Hellen, and Walter Hendrickson, drove to Dark Gulch in the forenoon to take advantage of the low tide and gather abalones. The three descended the steep bluff to the abalone beds without mishap and then separated, the dead man going in one direction and his two companions in another, in search of abalones.

Found Man Dead.

According to Mr. Hendrickson and Everett Hellen, they had only been separated from the dead man some 20 minutes when Leon Gibson, 16, and Walter Johnson, 17, of Albion, who were also gathering abalones in that neighborhood, came across Mr. Hellen lying face downward in about a foot of water. They picked him up and carried him to a point of safety, but apparently he was dead when they arrived, as he could not be revived. Chief of Police Earl Bishop was called and went from Fort Bragg, accompanied by Malcolm Grant, the dead man's brother-in-law, to investigate the accident.

What Probably Happened.

The last time the accident victim was observed he was sitting on top of a rock—He had stated he did not want to get in the water and get wet. The rock on which he sat was not over five feet high and Mr. Hellen must, in falling have struck some hard substance, presumably another rock, and broken his neck. It is certain he did not drown. Those who reached the unfortunate man declare his neck was broke, as his head rolled from one side of his shoulders to another.

A Difficult Rescue.

The point at which the accident happened was about 180 feet from the top of the bluff and, in order to get the body up, it was necessary for Walter Hendrickson to carry the remains on his back and to do this a rope was lowered and fastened about Mr. Hendrickson who then, carrying the corpse on his shoulders, began the ascent of the cliff. Chief of Police Earl Bishop and "Mickey" Grant held the rope, bracing themselves to sustain the double weight placed upon it and finally the rescue was completed. When Mr. Hendrickson got his human cargo to the top of the cliff he fell exhausted.

A. J. CHALFANT TO RUN AGAIN

Popular And Efficient Official Is To Seek Re-Election

A. J. (Fred) Chalfant will be a candidate for re-election as county recorder at the coming election. Mr. Chalfant has served one term as recorder and has made a most satisfactory official.

An Economical Officer.

In addition to taking care of all filings in a rapid and correct method, Mr. Chalfant has reduced the office force and has succeeded in handling the business with the aid of one deputy. Taxpayers would, probably, have a very difficult task finding any one to do as well in the office as Mr. Chalfant and, it is quite probable, so well has Mr. Chalfant served, no one will come out in opposition to his candidacy.

TO PROVIDE PROGRAM

Mrs. Grace Melander and Mrs. Max Stowe will present a program this afternoon at the Christian church of Lakeport, taking "Our Highland Heritage" as their subject. Mrs. Melander will exhibit samples of hand-woven articles and will talk on weaving.

THE OLD-AGE PENSION DANGER

JOHN T. FLYNN, NOTED ECONOMIST and political commentator, last week warned that several states are plunging headlong into bankruptcy through maintenance of Old Age Assistance Systems ridden with graft and inefficiency.

Writing in Collier's, Mr. Flynn charged in Missouri, Ohio, Oklahoma, Texas, Illinois, the Old Age Assistance—or pension—funds and facilities are being so misused by politicians seeking to curry favor with the public in order to promote their political ambitions the issue has assumed the proportions of a national scandal. Launching a bitter attack on the men who are using the pension systems for the express purpose of getting votes at any price, Mr. Flynn declared:

"The whole thing has become just another plum tree full of little plums for little people too old to work but not too old to vote. The beneficiaries of this scandalous misuse of public funds are the chiselers who get on the rolls without right. The victims are the worthy old people who have to be satisfied with inadequate pensions so there will be enough for the politicians to hand around to the ineligibles."

Mr. Flynn pointed out the Old Age Pension systems as they are presently constituted are not to be confused with the Social Security plan. The Old Age Pension systems are controlled by state agencies and were designed to supply aid to those who were too old at the time of the passage of the Social Security Act to benefit by it.

Mr. Flynn asserted the most grotesque aspect of the "pension" proposition is many public officials are fully aware they are steering their states toward insolvency through reckless expenditure of vast sums of money, yet they continually seek to augment the relief rolls with ineligibles, and at the same time urge drastic legislation to make monthly benefits higher. This practice, he said, is all part of their scheme to consolidate their vote-getting powers and extend their patronage. Referring to the pension system in Missouri as being nearly typical of the worst offenders, he said:

"In some counties nearly every person over 70 is collecting something from the state. On the basis of the last census 93 per cent of all over 70 in Ozark county are receiving something from the state and 99 per cent in New Madrid county. But in Butler county, where there are 603 persons over 70 years of age, pension checks are actually going to 654 persons. This magnificent record is surpassed, I believe, in only one place, a county in Oklahoma where five people out of every four—five out of every four—are getting pensions."

Mr. Flynn said the issue is becoming of increasing importance in every state in the Union because "every little politician in the state climbs, if he has the slightest chance, on this tawdry band wagon."

The article suggests the Old Age Pension systems throughout the country should be the subject of a sweeping government investigation. And Mr. Flynn flatly states the relief and pension and subsidy laws must be "severely dissociated from politics, committed to the administration of civil service staffs of trained workers, and along with this there must be some sane and reasonable consideration of the appalling financial problems involved in these plans."

"Some of the states are riding headlong toward bankruptcy on this wave of ill-considered legislation," he said, "and along with the state's finances they are preparing to bankrupt a far more valuable asset — the character of the people."

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is a director of the State Board of Prisons of California.

THE PARIAH

He was a pariah.

I have come across despicable characters in a long career as a metropolitan police beat reporter and prison director, but the man I interviewed today, in depravity and general all-around viciousness, exceeds them all.

He came up from Los Angeles on a first degree murder charge. He was a drug addict and, although he was a white man, he lived in the Oriental section of the southern city.

One night he drifted into a Chinese restaurant and ordered a steak. When he had partaken of his meal he went up to an aged Chinese who was cashier in the place and, poking a revolver in his face, commanded the Celestial to "Stick 'em up." The unfortunate old man, who was used to being "joshed" good-naturedly by patrons of the place, apparently did not grasp the seriousness of the situation and did not comply with the command. When the old fellow did not instantly do as the bandit ordered him to, the robber shot him twice. Then he calmly opened the register and abstracted some $60. He then cold-bloodedly stepped over the form of the dying old Chinaman, trained his weapon on the terrified members of the restaurant crew and backed out of the place.

Drug-steeped, he was captured by the police a few hours later and identified by all of the Chinamen as the slayer of the aged Celestial. His conviction followed quickly—that is, if such a farce can be termed a conviction—He was given life.

That was the first mistake.

When he had served 18 years, with benefit of road camp credits, he was paroled to go to a sister in Dayton, Ohio.

That was the second mistake.

While this man was in Dayton a series of the most bestial and fiendish attacks on women developed and continued over an extended period. As the victims passed billboards, trees or bushes a man would strike them over the head with a bludgeon, drag them out of sight and criminally assault them. The women attacked were unable to identify the suspect, due to the fact they were rendered unconscious by the blows. The Dayton police arrested the man in the board room today. His general description answered the meager bits of identification the police had gotton from the ravished women and, hard on this, came establishment of the fact the suspect was a sex-maniac. Questioned on this point the prisoner freely acknowledged he had uncontrollable sex desires.

Why is it juries will not do their duty? The prisoner had committed a wanton murder—no denial was made at the trial and, yet, this man was made a burden, for the rest of his life, on society. Why was his case not thoroughly investigated? Surely, had it been, the jury must have found itself unable to do other than order the accused man's execution. I see so many instances of miscarriage of justice and mis-application of the theory of punishment I sometimes give up

TAXI DRIVER WANTED BOOZE

Fort Bragg Man On A Spree Threatens With Pistol

L. Mora, who for a time ran a taxi service at Fort Bragg, went into the Welcome Inn, while under the influence of liquor Thursday night, and demanded a drink which was refused. Mr. Mora went out, and after a little while returned and, laying a pistol on the bar, said he was going to have a drink. The bartender grappled with Mr. Mora, endeavoring to take the gun away from him, and finally succeded, but in the melee the weapon was discharged. A woman in the place at the time barely missed being shot, the bullet from the gun grazing her face.

To Leave Township.

Mr. Mora was placed under arrest and put under $400 bail. He appeared before Judge Ware and pleaded guilty to having a gun in his possession and was fined $50. The judge suspended the fine if Mr. Mora would agree to leave the township for a year. Mr. Mora was given two days in which to settle his business and make his departure.

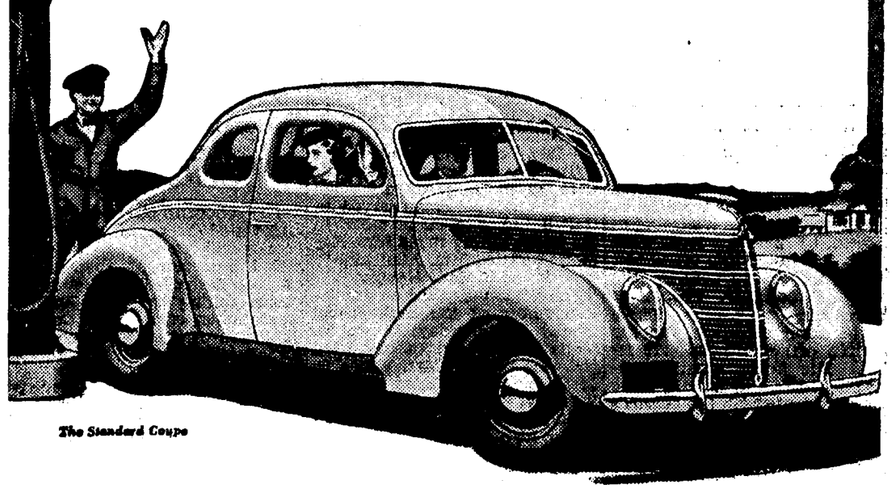
Do you want to SAVE MONEY?



The Standard Coupe

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in—as well as easy to buy and run. There's a Ford dealer near you.

LOCAL COUPLE IS MARRIED AT EUREKA SUNDAY

Sunday noon Miss Barbara Stewart exchanged marriage vows with Peter Frey, Jr., as she stood at the altar rail of Christ Episcopal church, Eureka, with Rev. H. T. Leachman performing the ceremony in the quaint and charming structure built early in the history of the city which now looms above it, and in which the Stewart family long has attended services. Appropriate to the hour was the becoming suit of navy with matching accessories worn by the gracious and beautiful bride, and her flowers were a corsage of gardenias and lilies-of-the-valley. Miss Elizabeth Ryder, daughter of Mrs. Sarah Frances Ryder of Ukiah, as maid of honor was attractively gowned in blue topped by a beige coat, with black accessories and a corsage of talisman roses. Edward Stewart, brother of the bride, was best man.

Following the wedding a reception was held at the home of the bride's parents, Mr. and Mrs. B. Stewart, for relatives and a few close friends.

Mrs. Frey is the only daughter of Mr. and Mrs. C. H. Stewart and a younger sister of Edward and Arthur Stewart. Her early schooling was in Eureka and in 1935 she received a teacher's certificate from Humboldt State College at Arcata, followed by a year's teaching in Humboldt county. Kindergarten teacher in the local school the past year and a half, she has won friendship throughout the community. She is a member of the Saturday Afternoon Club and Business and Professional Women's Club of Eureka. Mr. Frey is assistant manager of The Palace Hotel, formerly was employed by leading hotels of Eureka and San Francisco, and is a member of one of Mendocino county's pioneer families.

The young couple was showered with good wishes on departing for a southern honeymoon during the week of Easter vacation. The new home will be one of the duplex apartments on North Main street just completed by Drs. A. E. and Ida Halloway. A host of friends felicitates the young people on their new estate.

TRIAD OF ART, POETRY, MUSIC FORMED CULTUS PROGRAM

An exhibit of paintings by the distinguished artist, Mrs. Grace Griffith Allison, of Santa Rosa, verses inspired by the pictures and read by the artist's equally well known poetess sister, Mrs. Nell Griffith Wilson, of Kenwood, to appropriate piano accompaniments played by Mrs. Katherine Harvey, were skillfully blended in an exceptionally pleasing triad of art, poetry and music when Cultus Club met at the home of Mrs. Lillian Thomas Tuesday evening. To showing of the picture entitled "An Ocean Breeze" was heard "Rhythm;" to that called "Eucalyptus and Moonlight, "Moonlight Mystery;" viewing of the "Burbank Tree" was accompanied by the poem, "The Cedar of Lebanon Blooms;" that of "Eucalyptus and Sheep" by "Evening Brings Rest;" of "Oaks and Poppies" by "Buried Gold;" and "Apple Blossoms" by verse of the same title, the soft musical background adding charm to the whole.

In introducing the illustrious guest artists Mrs. Karl Davis, program chairman and their friend of many years, spoke briefly of accomplishments and recognition attained by them. Mrs. Allison was honored last month by the Royal Society of London, which accepted one of her pictures of California oaks and poppies for its gallery. Her work has been reproduced in color by the Sunset Publishing Company, The California Art Company and by The Paradise of the Pacific," a magazine of Honolulu. She has exhibited at Gump's and the Museum of Art at Golden Gate Park, San Francisco, Claremont Hotel Gallery of Berkeley, in Oakland, Los Angeles and Texas. Sonoma Mission was done in water color by Mrs. Allison and hung at the Century of Progress Exposition in Chicago, appearing also as a frontispiece on the magazine, American Poetry. Her art reflects much of the glamor of Marin and Sonoma counties and lends charm to the moss-hung oaks and blue line of the Pacific.

Mrs. Wilson is president of the Sonoma county branch of Pen Women, a member of Western Writers and the League of American Pen Women "Passage," her poem which won several prizes, was selected by Edwin Markham to represent her in the initial edition of "Music," an anthology of contemporary modern poetry compiled under his supervision. She has published a song, a play and a book of verse called "Deeper Harvest." She has written "The Mother" for her daughter's wedding, which will appear in "Better Homes and Gardens" soon.

The beautiful wild Easter lily, baskets of brightly hued eggs, and tiny chicks carried out the Easter motif in the refreshment service as attractively arranged by the hostess Guests of the evening were Mesdames Grace Griffith Allison, Nell Griffith Wilson, Katherine Harvey, Guy Redwine, William Bromley, J. R. Thomas, J. R. Mathews, Bertha Emery, Marie Goudge, Paul Lang, Werner Holzhauser, Charles Kasch, Hazel McCowen and Miss Grace A. Reid.

At the tree lighting pageant in San Diego the verse Mrs. Wilson dedicated to Luther Burbank, who rests under the large Cedar of Lebanon in his garden, was read and was also part of last evening's program.

Misses Dolores and Mary Scholl arrived last weekend from Humboldt State College to pass Easter vacation at the home of their mother, Mrs. Mary Scholl.

LOVELY WEDDING AT PARSONAGE SATURDAY NOON

Glorious weather of early spring, delicate sprays of bridal wreath and masses of white fruit blossoms combined to make a perfect setting for the noon wedding of Miss Harriet Elizabeth Finne to Thomas Mercer, when Rev. Mark Pike pronounced them man and wife at the Methodist parsonage Saturday. The striking brunette beauty of the bride was set off by a tailleur costume reflecting the copper tone of her accessories, and completed by a corsage of Talisman roses and lilies of the valley.

The bride's only attendant was her sister, Miss Alyce Finne, who looked very lovely in her suit of mustard color with copper accessories. Best man was Harry Mercer, Jr., brother of the groom. Witnessing the nuptial rites were Mr. and Mrs. John Finne, parents of the attractive bride, Mr. and Mrs. Harry Mercer, parents of the groom, and Mr. and Mrs. Clarence McCord, of Potter Valley, brother-in-law and sister of Mrs. Finne.

Following the ceremony the bridal party gathered at the Rainbow Cafe where a wedding breakfast was served at a table prettily decorated with jonquils. Later the newly married couple motored south on their honeymoon trip. They expect to call on relatives at several towns along the way, as well as in Los Angeles, and will return Easter Sunday to make their home in Ukiah.

Both of the young people are graduates of the local schools, the new Mrs. Mercer also graduating from Humboldt State College at Arcata, where she attained membership in a national dramatic society, and she now fills the position of teacher at Redwood Valley school. Mr. Mercer is associated with his father and brother in a growing contracting business.

The Finne family is one of the well respected pioneer families of Mendocino county, the bride's grandparents first coming here well over half a century ago. The groom's family has lived in Ukiah many years and is also well known.

LIONS STAG DINNER

Change in the dinner date honoring winning Team One by Team Two for the year's attendance contest of Lions Club was made at Thursday's luncheon meeting at The Palace Hotel and was set for tomorrow evening, when a stag party will be held in the private banquet room of The Maple Cafe. It was the plan of Tom Poulos, captain of the losing team, to have a barbecue later in the month, but it was the concensus of opinion unsettled weather made the affair decided upon more desirable.

Guests at last week's meeting were three officers of the highway patrol, Fred A. Goodlow of Eureka who was on a tour of inspection of the district, J. L. Randolph of Fort Bragg and Frank L. Mills of Ukiah.

WILDFLOWER HERBARIUM

Page after page of wild flowers of Mendocino county, carefully pressed to preserve color and form, artistically arranged and showing complete structure of the plants, including roots, are shown in the attractive and instructive herbarium compiled by Mrs. E. V. A. Murphey in conjunction with her field trips with school children this spring. Specimens are attached to the paper by transparent tissue tape, and where very delicate flowers are mounted they are entirely protected by celophane. A few had the pleasure of seeing the collection when Mrs. Murphey brought it to Ukiah Wednesday, coming from Potter Valley with Mrs. Sarah Brooks.

BIRDS THEME OF DELIGHTFUL B. & P. AFFAIR

Canaries trilling amidst an abundance of spring flowers, flooded by golden light, greeted Business and Professional Women entering the private banquet room at The Maple Cafe for their regular dinner meeting Thursday evening, giving but a hint of the enjoyable program which followed. Tiny brown bird houses added interest to the centerpieces of white and pink blossoms on each of the seven tables, beautiful feathered creatures were appliqued to the edges of table cloths, and overhead brilliantly plumed parrots of crepe paper perched. At the far end of the room low shrubs made a background for a stone bird bath in which pond lilies grew. A manzanita tree harbored a flock of red-winged blackbirds, while swallows were in flight above. Just beyond a string of bluebirds were poised in graceful formation. And occasionally the querelous bickerings of a yellow parakeet and his green companion struck an amusing note. Red tulips atop the piano were a gorgeous splash of color within the floodlight circle.

Mrs. Margaret Byrnes appeared early in the evening to sing "The Swallows" and "A Brown Bird Singing," to piano accompaniments by Mrs. Nanette Hofman, the canaries adding to the concert in recognition of her delightful voice. "How Birds Sing" was described and illustrated in a remarkable recording by Charles Kellogg, naturalist. Between these numbers and during the remainder of the dinner hour soft and lilting music was electrically transcribed through an amplifier, the machine being expertly operated in an adjacent room by Merle Abbott. The four-course menu carried out the theme by having nests of mashed potatoes filled with peas served with the entree, and a dove fashioned of cream decorating delicious slices of lemon chiffon pie.

Wonderful color plates, with special reference to birds of Mendocino and Lake counties, were thrown on a screen by Miss Louise MacDonald, teacher of natural sciences at the high school. First were shown types of claws with explanations of their several adaptations, whether for walking up or down perpendicularly, as the woodpecker does, swimming, as in the case of the duck, tearing and carrying, as characteristic of the hawk, digging deep into a bank to make a nest, etc. Similarly beaks were illustrated and their uses told of, adding interest to the ensuing pictures. Feeding, nesting and migration habits, as well as several unusual incidents involving birds were included in the talk. Miss Arzelle Dennen, a personification of youth and beauty, her sunny hair gleaming above her dainty frock of blue, recited Henry Van Dyke's poem, "Ruby Crowned Kinglet," while a picture of this tiny monarch of many realms remained on the screen, in conclusion of the program.

At the business meeting, conducted by President Louise Bernhard, which followed, a vote of thanks was given the program committee comprising Mrs. Bess Jamison, chairman, who had been called from town, Mrs. Ruth Brunner who acted in her place, Dr. Cora Abbott, Miss Rose Gibson, Mrs. Bonniebel Thornton, Mrs. Claudine Ballestra and Miss Alice Lamb. Appreciation was also expressed for the cages of birds loaned by Mrs. Wilburn Brown, Mrs. Katherine Foster and Dr. Abbott, as well as to C. M. Fulkerson for use of the projecting machine, Merle Abbott for the phonograph transcriptions and Mr. Ballestra for assisting with decorations.

Mrs. Dorothy Leonard was welcomed as a new member, and Mrs Nita Hildebrand was elected to membership. Pressure Cooking Demonstration at Ward's

Cooking by live steam under pressure, known as "pressure cooking," is the latest development in cooking methods, quite different from older methods and made possible and safe only by modern knowledge and modern manufacturing, according to J. H. Neilson, an expert on the subject who is now visiting the city.

Mr. Neilson is here to conduct a pressure cooking demonstration for Montgomery Ward at 11, 2 and 4 o'clock each day this week until Saturday, April 16. In discussing the school, Mr. Neilson said there are a number of interesting facts to learn about this method of cooking and extended an invitation to all housewives to attend his classes.

"Probably the most unusual fact," he said, "is the ability of the pressure cooker to cook an entire meal in from 10 to 30 minutes. There is no intermingling of flavors although all types of food are cooked at the same time in the same vessel. The cooker will also make tender the toughest cuts of meat, a trick almost impossible with ordinary cooking methods. It is also the only absolutely safe method of canning. All this is due to the fact that much higher temperatures can be obtained under pressure than the 212 degrees F. which is the highest that can be obtained in a utensil which is not airtight."

Mr. Neilson also called attention to the new Montgomery Ward pressure cooker, which has several advantages. Chief among these is the fact that it seals with one removable handle in the center of the lid rather than by a series of screws surrounding the rim. Also it is modern in design and built for beauty as well as durability.

I KISSED A SPOOK GOOD-BYE and fell in love in the kitchen

The amazing speed of the new electric ranges drove away my old set notion that electric cooking was slow. Glowing heat flows forth the instant I flip the switch.

Cost is very little even though I cook for a family of five big eaters. And I have found many ways to save both time and electricity by using the automatic controls on the new electric range.

No range is so easy to keep clean as my new electric. Closed units and smooth porcelain, inside and out, are as easy to clean as a china dish.

Add an Electric Water Heater and save money. I am delighted with hot water that is now on tap day and night. My kitchen electricity now costs 1¢ per kilowatt hour, which makes electric water heating cost very, very little.

SHEEP SHEARERS' STRIKE WILL PROBABLY BE A FORE-RUNNER OF INVASION OF FALL HARVESTS

This newspaper believes a show-down between Unions and the Associated Farmers of America is due to come out of the present Sheep Shearers' Union strike. It is in the cards the trouble now starting will backwash into the coming fruit season when, undoubtedly, an effort will be made to organize crews to handle the fruit and Fall harvests. Such being the case and, in order the public may have both sides of the controversy, this newspaper, whenever possible, will print informative news, from both sides, of the situation. Below is set forth a statement the Sheep Shearers Union has asked be published:

"Due to the fact false reports have been circulated in regard to what the sheep shearers are asking for, we, the sheep shearers take this opportunity to state the true facts: We are at this time asking for no more than what we believe to be right. We are asking for 12½ cents per sheep and board and a signed agreement with the Wool Growers Association, recognizing us as a legitimate union, by letting us place our union label upon all wool shorn by union shearers. (We label this wool free of charge.)

What Is An Agreement?

"An agreement is a guarantee of protection to the wool growers from cheap foreign competition in the wool industry — thereby stabilizing the price in the United States. Hence all wool bearing the union label will have preference in the whole textile industry. Thereby creating a demand for home-grown wool rather than foreign imported wool not bearing the union label. We also agree to solicit the support of organized labor to further the interest of the wool growers. And we are willing at any time to meet with any committee from the Wool Growers Association or the independent wool growers to explain our position. We are within our constitutional rights, backed by the labor relations act — enacted by Congress, signed by the President of the United States and upheld by the United States Supreme Court, this act is known as the Wagner Act. also the Byrnes Act. We also have the support of all organized labor. An injury to one is an injury to all."

Pointing out that, under the Byrnes Act, the importation of shearers to serve as "strikebreakers" is prohibited, the following copy of a portion of the Byrnes Act is quoted: "Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that whoever shall knowingly transport or cause to be transported, or aid and abet in transporting, in interstate or foreign commerce, any person with intent to employ such person to obstruct or interfere, in any manner with the right of peaceful picketing during any labor controversy affecting wages, hours or conditions of labor, or the right of organizing for the purpose of collective bargaining, shall be guilty of a felony and shall be punishable by a fine not exceeding $5000 or by imprisonment not exceeding two years, or both, in the discretion of the court."

According to Ray S. Skelly, Colusa shearing contractor, a skilled shearer can clip as many as 150 sheep per day as against a maximum of 70 for an unskilled shearer.

PRESBYTERIAN CHURCH

Once again the Christian church approaches the greatest of the world's festivals—the festival of flowers and the immortal hope. Easter is our greatest festival because it celebrates the earth's greatest soul, Jesus; the earth's greatest philosophy, religion; the earth's greatest sorrow, death; and man's sublimest hope, the hope of immortality.

This great day will be fittingly celebrated at the Presbyterian church Sunday morning with special music and a special message. Dr. Van der Las will speak on "The Valley Of Death Transformed." Easter music will be rendered by the following quartet—Mrs. R. R. Byrnes, Mrs. L. H. Swan, George P. Anderson and Vincent W. Giorno. Organist is Mrs. A. C. Richey. The quartet will sing anthem, "He Is Risen," Lenk, and "Sing Alleluia Forth," Dudley Buck, and Mr. Giorno will give the offertory solo, "The Resurrection And The Life," Shackleton. Sunday school at 9:45 and C. E. meeting at 6:30.

EPISCOPAL SERVICES

Rev. E. H. Benson will conduct Good Friday services at 10:30 a.m. and Easter services at 11 a.m. at Holy Trinity Episcopal church. There will be no Sunday school Easter Sunday.

ARRIVING FOR EASTER

BUILDING DAMAGED

Lane's Redwood Flat, April 11.—A fire which, it is believed, was caused by sinking of the ground beneath a range in the kitchen at Lane's Redwood Flat did damage Sunday night amounting to about $1000. The building, which was covered by insurance, will be repaired at once.

Officer Proved Alert.

Sousa brothers have been in the dairy business in Alameda county and will bring up 40 head of milch cows and continue that line of work. UNDERTAKER IS SEEKING BILL

Administrator Delay In Settling Was Objected To

Grace T. Cannarr, of Fort Bragg, seeks removal of John H. Kinney as administrator of the estate of Zerena E. Kinney, deceased, and appointment of his successor.

Cause For Request.

The complaint says the first and second annual accounts of the administrator have been approved, but the only claims against the estate, one by the complainant for $143 for funeral expenses and the claim of Royal Scudder, $74.50 for professional services, have not been paid. The real property of the estate is separate property of deceased, which, it is claimed, could have been sold for sufficient to satisfy the allowed claims, with costs of administration, "if diligent effort had been made."

Want A Showdown.

A citation is asked that the administrator appear and render account for reasonable rental of the property, which he is said to occupy, also show cause why his letters of adminitsration should not be revoked. The defendant is an employe of Union Lumber Company.
